

Diocesan Schools and Religious Education Programs Unite for Children in the Missions

Indonesia is bordered by East Timor, Malaysia and
Papua New Guinea. The borders shared by these
countries totals 1,759 miles. Working together our goal is
\$1.00 per mile = \$1,759

Lord Jesus, you said that if anyone should ask us to walk with them for one mile, we should go with them two miles. Help us respond to your call by walking in step with missionaries — **like those in Indonesia** — who need our help to reach children facing poverty, hunger, violence, homelessness, and sickness. Let each step we take be a prayer for a better life for these children, so that someday, all of them may have what they need to live. May children everywhere come to know how much you love them through others. Amen.
